

National Community Titles Institute

Mission & Visions

1. Create a collaborative environment for the exchange of information and ideas between affiliates and their members about strata, body corporate and community title issues.
2. Promote better relations between, and deliver benefits to, all participants in the industry.
3. Develop, promote and implement national competency standards and qualifications for the management of strata, body corporate and community title issues.
4. Conduct regular national congresses of strata, body corporate and community title industry participants.
5. Develop, promote and implement national education programmes for strata, body corporate and community title industry participants.
6. Identify, investigate, explain and advocate about federal issues affecting the strata, body corporate and community title sector.
7. Lobby governments on issues relevant to the industry.
8. Develop relationships with like minded overseas people and groups.
9. Undertake data collection and benchmarking in the strata, body corporate and community title sector.
10. Undertake and publish research into the strata, body corporate and community title sector.
11. Develop and promote professionalism and consistent, higher standards in the strata, body corporate and community title sector by codes of conduct, codes of ethics and best practices.
12. Compare strata, body corporate and community title issues around Australia and with the rest of the world.
13. Promote the harmonisation of strata, body corporate and community title laws and practices around Australia.
14. Communicate with affiliates and their members via newsletters, bulletins, e-mails, etc.
15. Be the pre-eminent Australia-wide association representing and relevant to the industry.
